

This question is much too complex to answer it in one sentence.

What is nature protection?

Who engages in nature protection in the Burgenland?

Who are the contact partners for nature protection in the Burgenland?

In what way is nature protection financed?

Which plans are subject to official approval?

What could my contribution be like?

.....

Answers to these and other questions under **FAQ/Häufige Fragen** and the question "**How does nature protection in the Burgenland work?**"

.

One of the essential factors in nature conservation work is the preservation of certain areas. The following categories provide a survey of the protected areas and of the nature trails in the Burgenland respectively.
